

English

Our class reader this term is 'Wonder' by R J Palacio and we will focus on expressing opinions and argument.

In our writing, we will be exploring the story of Beowulf to write our own 'Beating the Monster' story. Our non-fiction theme is recounts: chronological writing about an event or a visit.

PSHE

Our SCARF units this term are on the theme of Valuing Difference. The children will be celebrating difference, considering kindness and the difference it can make to everyone and also the influence of social media.

Maths

We will learn about statistics unit where we will gather data and record it in line graphs and, for the Year 6s, in pie charts. We will analyse the data and find the 'mean' amount.

We will then go on to recap on written methods multiplication and division – including how to convert remainders to decimals.

Science

Light

We will be learning about where light comes from, how light is reflected and that the angle of incidence is equal to the angle of reflection, refraction and how shadows are formed. As part of our project, we will make a periscope.

Ash Class Term 4 2023

The Arts

We will be learning to play the *ukulele* with Gregory Cook.

Our DT focus this term is food and the use of seasonal ingredients. We will investigate the source of ingredients – how they are grown/prepared – before reading a recipe and prepare a vegetable

Humanities

We will be learning about Britain's settlement by the Anglo-Saxons and the Scots, through research into their legacy and what we know of the way they lived, how they worshipped and were governed. There will be particular emphasis on the use of maps as historical sources.

P.E.

The units planned for this term are tag rugby: playing offensively and defensively, catching and throwing whilst stationary and on the move – and dance.

R.E.

The children will be focusing on the concept of salvation within Christianity. Key questions include:

What did Jesus do to save human beings?
What difference does the resurrection make for Christians?

French

Learning vocabulary and building sentences to talk about the weather.
